

# Bible Baptism

I will not be offering sermon notes for this series. I will offer something even better. I will email my complete sermon outline the following Monday so that you can have on file all the points and scriptures I use in the series.

If you have already received emails from me then you will get the outline by attachment (PDF). If you have not gotten an email from me, then please send me an email and I will add you to my distribution list.

Blessings,
